Riders attending the dedication of the Willowbrook 9-11 memorial. A very moving and somber day seeing the remains of an elevator car from Tower 1. Visit and see it for yourself at the Willowbrook police headquarters.

One of several events we participate in to help the Toys for Tots toy drive. Here, we are joined by other Legion Riders and Veteran biker groups to donate money and toys at the Barbed Wire Harley Davidson in DeKalb. The day concluded with a nice escorted ride through DeKalb county.

Members of the Legion Riders at Save a Vet. Save a Vet is an organization that helps rescue and board service/military dogs from being euthanized after they are no longer of use. These dogs cannot be adopted, as they are trained for specific reasons and are not pet friendly. If it wasn't for the Save a Vet organization, they poor animals would simply be put to sleep.
