Commander's Column

Post 80 is now the proud owner of a genuine Olhausen pool table. As the musical, The Music Man, so aptly put it: "A pool table, don't you understand…." Our beautiful pool table, now permanently residing in the library, was the extraordinarily generous gift of Ed Thomas of Villa Park, who donated not only the table but also the moving and setup expenses, the balls, the pool sticks, and even a rack to hold the sticks on the wall. Stop by and try your hand!

The Auxiliary was using the library as the staging area for their garage sale on the very same Friday when we had to take delivery of the very heavy pool table. Many folks helped move the garage sale items into the main hall to make room for it. Thanks to all of you for the tremendous cooperation between the Auxiliary and the Post! Congratulations to the Auxiliary on the huge success of their garage sale including the sale of all of the military books in the library.

On August 19, 2018, the 2nd Division of the Illinois Legion, the Auxiliary, and the SAL conducted their installation in our main hall. Many thanks go to all of the volunteers for helping out. On August 25, 2018 we conducted our traditional ceremony to install the officers of the Post and the Auxiliary for my last and final year. I look forward to the continued help and support of Senior Vice Bruce Peiffer and Junior Vice and Service Officer Rich Jones. I am pleased to announce that Harry McCabe has accepted appointment as our new Adjutant. Thanks also to Carmen Gnolfo, who stepped up to fill the vacancy as the Chair of the House & Grounds Committee this past year. Carmen will now rotate off and John Cruz and Ed Ludwig will take over as co-chairs for the coming year. Jimmy the Greek Sotirakos has agreed to continue to run bingo on Tuesday nights. Bingo volunteers are always welcome and appreciated.

Augie Klingbiel has been moved to Oak Brook Rehab, 2013 Midwest Rd. room #226 in Oak Brook. Please visit Augie if you can. Looking ahead, our traditional Labor Picnic will start at 12:00 on September 3. Bring a side dish for about 8 others. It will be $5.00 a plate for adults. On Wednesday, September 5, 2018, we will have our regularly scheduled Business Meeting. Please join us and enjoy the light dinner and drinks at Legion prices afterwards.

Cheers! Rick McLaren mclarenR17@gmail.com

Where were you on Tuesday, September 11, 2001?

by Hal Burke

I'm sure each of us have our own stories of that tragic day as we experienced when JFK, Martin Luther King, and RFK were assassinated.

My wife, Nancy, and I had just returned home on Monday, September 10, from participating in a trade show in Edison, NJ, that weekend. Had a different decision been made we would have been on a tour at the World Trade Center on 9-11.

My former sister-in-law, Joanne, lives in NYC and she's a professional tour guide. Joanne invited us to have dinner on Sunday evening at Sal Anthony's Restaurant on Mulberry Street in NYC's Little Italy.

The weather was absolutely beautiful evening driving into NYC. We could clearly see the Statue of Liberty and World Trade Center towers as we approach our destination. Dinner was fantastic and our visit very enjoyable. During dinner Joanne invited us to extend our stay and she would include us in a tour group arriving from Boston to visit the World Trade Center on Tuesday morning. Nancy, had a business meeting in Chicago on Tuesday, so we declined the tour offer, and we departed from Newark, NJ, Airport for home on Monday.

Nancy was on her way to her meeting on Tuesday morning when she heard the news about the first plane crashing into the North WTC Tower and called me at home. I turned on the TV, and witnessed the live coverage of the second plane hitting the South WTC Tower. It took us three days to learn that Joanne was okay, because the tour bus she was meeting to take to the WTC was late arriving. Had it been on time, Joanne and her group would have been touring the WTC plaza when the first plane crashed into the North WTC Tower.

I knew then that this was a terrorist attack and felt helpless and outrage watching the inferno, destruction and tragic loss of life. Over 2,996 were killed and 6,000 injured. This was our "Day of Infamy," that our grandparents and parents experienced on December 7, 1941. Our Nation was attacked and men, women, and children were brutally murdered. Today, long term health effects of exposure to toxic chemicals continues to plague rescue workers (over 90,000 volunteers).

How was our Nation going to repair and recover from the carnage and horrific loss? The spirit and inner strength of our Nation unified, glowed and we demonstrated once again that **"United We Stand!"**

FRANK EHRHARDT

4 YEAR LEGION MEMBER

U.S. ARMY VIETNAM VETERAN

Rest Well, Our Friend.

SEPTEMBER 30, 2018 is GOLD STAR MOTHER'S and FAMILY'S DAY

(last Sunday of September)

On the last Sunday in September, Gold Star Mother's Day is observed in the U.S. in honor of Gold Star mothers.

During World War I, American Women who had family members serving their country wore a blue star around their left arm. As this conflict progressed and the number of dead escalated, mothers wanted to express their loss, as well as the pride and honor they felt for their country. A suggestion of sewing a gold star over the blue star was made by The Women's Committee of the Council of National Defense. This group presented the idea to President Woodrow Wilson and the practice was adopted in 1918.

The hard work and dedication that these women have performed through the years, was finally recognized by the President and Congress on September 25, 1994, when they designated the last Sunday of September as the American Gold Star Mother's Day.

UNITED STATES AIR FORCE Turns 70

September 18, 2018!

www.military.com/air-force-birthday

The official date of the founding of the US Air Force is 18 September 1947. It was a momentous event that over six decades later has demonstrated the achievement of an Air Force second-to-none, yet the Air Force's history and heritage goes back a lot further.

From the time that the US military purchased its first aircraft in 1909 up to 1947, the US Air Force did not exist as a separate and independent military service organization. It went through a series of designations: Aeronautical Section, Signal Corps (1909); Aviation Section, Signal Corps (1914); United States Army Air Service (1918); United States Army Air Corps (1926), United States Army Air Forces (1941).

WWII illustrated the value of airpower, and the need to change the basic organization of the US Military Forces. The result was the creation of a single Department of Defense with a strong Joint Chiefs of Staff with Army, Navy, and Air Force chiefs. In 1947 President Truman signed the National Security Act which established this new defense organization, and along with it the creation of the US Air Force as an independent service, equal to the US Army and US Navy. The official birthday of the US Air Force is 18 September 1947.

Through the years history has shown the wisdom and foresight of the creation of a separate Air Force. The US Air Force emerged quickly from its cradle and began to create its own history and heritage.

1949: The flight of the "Lucky Lady II" demonstrated the Air Force's capability to fly, non-stop round the world, showing it could take off from the U.S. and drop bombs anywhere in the world.

1950-1953: USAF engaged in the first completely jet aerial combat During the Korean War. The F-86 Saberjet scored impressive aerial victories against the enemy MiG-15.

1954: The first B-52 Stratofortress came into the USAF Inventory and has served in every conflict since its appearance.

1960s: The development and deployment of Intercontinental Ballistic Missiles (ICBMs) as a major component of the aerial defense capability of the United States.

1964-1973: War in Vietnam

1970s: The development of laser-guided bombs and TV-guided air to ground missiles. Air mobility took a major step forward with the introduction of the C-5 Galaxy in the Air Force Inventory. Other aircraft systems introduced in this decade were the F-15, A-10, AWACS, and F-16.

1980s: Stealth Technology was revealed advent of the F-117; strategic bomber capability was increased with the deployment of the B-1.

1990s: USAF played a major role in the swift defeat of the Iraqi military forces in the first Persian Gulf War: The Air Force underwent a major reorganization with the formation of Air Combat Command, Air Mobility Command, and Air Force Materiel Command.
